

Following actions taken timely in order to supply vessel with compliant fuel oil:

- 1) at 1st port "Basrah" there are no bunkers available at all.
- 2) at 2nd port "Fujairah" we have contacted all fourteen suppliers of the area. No one had available compliant fuel oil and all of them stated that at the area, compliant fuel oil is not available in general. Reason of unavailability was not provided.
- 3) at 3rd port "Port Louis" compliant fuel oil is not available.
- 4) en route to NA ECA at "Jamaica bunkering station" (as an alternative bunkering source), compliant fuel oil is not available. Supplier stated that at the area, there is no supplier compliant fuel oil available. Reason of unavailability is not provided.

Vessel will be supplied at the first US port Loop upon arrival, where it is confirmed by suppliers that compliant fuel oil is available. Upon supply, vessel will immediately switch to compliant fuel oil. Therefore, intention is to use non-compliant fuel oil only for distance from US ECA entrance to Loop (duration 17 hours).
